Highlights:

- Compatible with AUDAC Touch™
- Spotify™ compatible
- DLNA compatible
- True plug & play solution
- Works with any SourceCon™ enabled device
- Custom audio stream selection
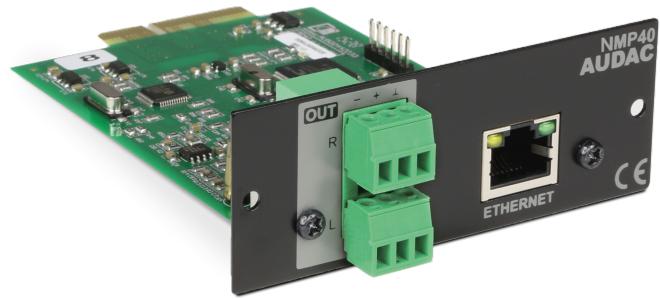

Product information:

The NMP40 SourceCon™ Network audio player module enables the possibility to stream audio files from a personal computer or mobile device directly to a professional audio system while maintaining the best available sound quality.

Compatible with various streaming technologies like DLNA and Spotify Connect you can stream music straight to your professional sound system directly from the cloud while using your computer or mobile device only as a controller. This avoids any unwanted interruptions and maintains higher sample rates. NMP40 also supports streaming services that cover your music royalty, so you can also set the right ambience in all types of public places.

Applications:

- Bars, restaurants
- Retail
- Hotels
- Public facilities
- Houses of worship
